Brevard MPO Transportation Improvement Program

MPO ENDORSEMENT

RESOLUTION 08-02

RESOLUTION, adopting the fiscal year 2008/2012 Transportation Improvement Program for the Palm Bay-Melbourne-Titusville Urbanized Area.

WHEREAS, the Brevard Metropolitan Planning Organization (MPO) is the designated and constituted body responsible for the urban transportation planning and programming process for the Palm Bay-Melbourne-Titusville Urbanized Area; and

WHEREAS, the Brevard Metropolitan Planning Organization is the authorized recipient of the United States Department of Transportation's planning funds for the Palm Bay-Melbourne-Titusville Urbanized Area; and

WHEREAS, the Brevard Metropolitan Planning Organization is responsible for developing a five year Transportation Improvement Program for the urbanized area, which has been accomplished for fiscal years 2008 to 2012; and

WHEREAS, the Brevard Metropolitan Planning Organization authorizes amendments to reconcile the TIP with the FDOT FY 2008/2009 through 2011/2012 work program and will prepare a revised TIP to incorporate those amendments; and

WHEREAS, the Brevard Metropolitan Planning Organization will submit the revised TIP to all appropriate individuals and agencies.

NOW, THEREFORE, BE IT RESOLVED by the Brevard Metropolitan Planning Organization that the Brevard Metropolitan Planning Organization adopts the Transportation Improvement Program for fiscal years 2008 to 2012, authorizes amendments to reconcile the TIP with the FDOT work program and submission to all appropriate individuals and agencies.

DONE, ORDERED AND ADOPTED THIS 12TH DAY OF JULY, 2007.

BOB KAMM, ASSISTANT SECRETARY

BREVARD METROPOLITAN
PLANNING ORGANIZATION

PAT WOODARD, VICE-CHAIRMAN

Brevard MPO Transportation Improvement Program

TIP INTRODUCTION

TRANSPORTATION IMPROVEMENT PROGRAM

PURPOSE

The Transportation Improvement Program (TIP) is a multi-year program of transportation improvement projects as adopted by state and local government jurisdictions and transportation agencies. The TIP for the Brevard Urban Area is a five-year, financially-feasible multi-modal implementation plan that identifies all transportation projects (including bicycle/pedestrian facilities, transportation enhancements, transit, port, airport, spaceport and rail projects) to be funded by Title 23 USC and the Federal Transit Act. In addition, the TIP identifies major transportation investments for which FHWA or FTA approval is required whether or not the project is federally funded, as well as major improvement projects funded with local sources. The TIP is financially constrained for each year. The federally funded projects can be implemented using current and projected revenue sources based on FDOT's Tentative Work Program and locally dedicated transportation revenues.

PROCESS

The Transportation Improvement Program is prepared in accordance with requirements found in 23 CFR Parts 450 and 613 and in 339.175 Florida Statutes. The TIP is developed and updated annually under the direction of the Brevard Metropolitan Planning Organization (MPO) in compliance with these federal and state regulations. The Brevard MPO solicits project requests for the upcoming five years from FDOT, transit providers, airport, spaceport and seaport agencies and affected local governments. Projects in the MPO's Long Range Transportation Plan are also considered. The Brevard MPO evaluates the project requests according to criteria set out in 23 CFR 450.324 (f), the priority of the project as established by agency and governmental plans and improvement programs, and the availability of implementation funds. The Brevard MPO has also adopted a supplemental evaluation process to determine the nature and scope of potential corridor improvements on arterial roads. As specified in the MPO's Public Involvement Plan, the MPO annually holds a minimum of one public workshop to solicit project suggestions from the general public. Project priorities are also posted on the MPO web site prior to consideration by the MPO. Numerous other public meetings are annually attended by MPO staff to discuss upcoming projects with the public and to inform the public of transportation planning policy direction of the MPO and local governments. Project priorities are adopted by the MPO following the workshops and review by the Citizens and Technical Advisory Committees, Growth Management Subcommittee, Bicycle, Pedestrian & Trails Advisory Committee and Traffic Operations Committee, as appropriate.

Following MPO project prioritization in August, the Florida Department of Transportation develops the tentative five-year work program in cooperation with local agencies and transportation providers and following a public hearing. Projects are included in the work program up to the limit of funding availability. The financially-feasible work program is submitted to the MPO for development of the draft TIP. The Citizens and Technical Advisory Committees review the draft TIP and make recommendations to the MPO. The MPO considers and adopts the TIP by mid-July. The tentative FDOT work program, upon which the TIP is based, is considered and adopted by the legislature by April, prior to the adoption of the TIP by the MPO. Projects in the TIP are funded from existing revenue sources, and no new revenue sources are assumed to become available during the five years covered by the TIP.

TRANSPORTATION IMPROVEMENT PROGRAM

Projects selected for inclusion in the TIP are consistent with federal requirements and FDOT's Tentative Work Program; are financially feasible for the appropriate funding category; reflect the MPO's priorities; are consistent to the maximum extent feasible with port and aviation master plans, transit development plans, and local government comprehensive plans; and are selected in part based on the public comment received under the MPO's public involvement process adopted pursuant to the requirements in 23 CFR 450.316 (b) and 450.324 (c). The TIP is a management tool for implementing and monitoring the area's Long Range Transportation Plan in accordance with 23 CFR 450.324 (n) (1 and 2). Admendmets to the TIP may be made from time to time as necessary to remain in compliance with state and federal regulations. Amendments are generally presented to the public as part of the MPO's regular meeting schedule.

Certification reviews of the Brevard MPO were conducted by FDOT in 2004, 2005, 2006 and 2007 and by FHWA and FTA in 2003 and 2006. The MPO is required to to publish or otherwise make readily available for public review, an annual listing of projects for which Federal funds have been obligated in the preceding year. That list is included in the TIP and a link to the list is provided on the Brevard MPO web site. The next joint federal agency certification review will occur before April 2009.

CHANGES IN MAJOR PROJECTS STATUS

The following documents the implementation or significant delay of major projects relative to the prior year's TIP. A "major project" is one of significant scope and size affecting the regionally-significant transportation system, and may involve a state or local road or multi-modal facility.

FACILITY	LOCATION	STATUS CHANGE
Apollo Blvd. Extension	Sarno Rd. to Eau Gallie Blvd.	Deferred beyond 5 year TIP
US 1	Pine St. to Cidco Rd.	Federal funds deferred beyond 5 year TIP
Barnes Blvd.	Fiske Blvd. (SR 519) to Murrell Rd.	CST funding programmed (Local and TRIP Funded)
US 1 Corridor Improvements	Barnes to Eyster	Changed to Barnes & US 1 Intersection Improvement
St. Johns Heritage Parkway	2 Interchange Justification Reports (IJRs)	Local Funds

FY 2006 FEDERAL OBLIGATIONS REPORT – BREVARD

The Federal Obligations Report details the actual Federal funds that were obligated for FY 2006. The report can be viewed by MPO area on the FDOT web site: http://www.dot.state.fl.us/programdevelopmentoffice/federal/fa_MPO_ObligDet.shtm. The Report is updated in early October each year. FY 2007 data will be available using the URL above in October 2007, or by using the link on the Brevard MPO web site.
